WAR STORIES.

The REPUBLICAN has secured a series of short heroic war stories written by George L. Kilmer, one of the best writers in the country on war stories. These will appear the last of this week and will detail accounts of some of the heroes of forty years ago. Read them and call your neighbors' attention to them.

PARIS A. HASTINGS, publisher of Washington Gazette, the republican organ of Davies county, was elected representative at a special election Saturday to fill the vacancy caused by the death of the man elected in November. He will represent his county with credit.

THE people of Sullivan county would do well to be obedient to the laws of the state. Dudley, who was their sheriff, failed in his official duty in the matter of protecting a prisoner and therefore the Governor applied the law which means that Dudley is no longer Sheriff. The people must stand for obedience to law, even though a man they elected to office suffers.

REPRESENTATIVE JONATHAN ROBERTSON left Tuesday morning for Indianapolis, where he will stay until the legislature closes. When asked if he had his inside pocket full of bills which he would introduce at the first roll-call he answered in the negative. He said he had no bills now but that he would probably have a few to hand in a little later. He was not ready to say what they would be.

GOVERNOR DURBIN is just right in giving the Muncie officials to understand that prize-fights under the guise of boxing exhibitions do not go in Indiana. Some Muncie sports had advertised a "boxing bout" for January 14, but the Governor has very properly interfered with their plans. The Governor says: "There are three things to which I object," said the Governor Monday. "One is a prize-fight in any disguise. Another is slot machine gambling for money and the other is any form of gambling into which boys may be inveigled. These so-called boxing matches are the worst sort of frauds, in my opinion, and they are not to be permitted."

Farmers' Institute Resolutions.

WHEREAS, in the opinion of the committee the present institute has been a great success in every way, therefore, be it

RESOLVED, That we tender our thanks to the officers for their faithful performance of their respective duties, and be it further

RESOLVED, That we also tender our thanks and appreciate the able efforts of the assigned speakers, J. J. W. Billingsley, J. A. Burton, Dr. Coulter and Mrs. Ross. Also to the home talent. To Miss Clara Rapp for the excellent music rendered, and to Miss Hodapp for special music given, also we extend our thanks to the press of the county and thanks especially to the city press for favors. Also to the mayor for the free use of hall.

May Stop Sale.

Richmond, Va., Jan. 6.—Two bills were introduced in the state legislature yesterday to prevent the sale of toy pistols. Public feeling is much aroused by the recent epidemic of tetanus. The latest victims were two boys in the same family, Arthur and Eugene Edelblut, both of whom were slightly wounded by toy pistols on Christmas day.

Deadly Toy Pistols.

Louisville, Ky., Jan. 6.—According to the estimate made by a conservative physician of Louisville, the number of children wounded during the Christmas holidays with blank cartridges is thirty. Of this number two have died and several are now in such a critical condition that grave fears for their recovery are felt.

WHAT IS A "COLD?"

The Word That Covers a Multitude of His Explanations.

Professor Lehnberg, in the Vienna Clinical Review, on an essay on cold in the head, says that the "ordinary cold is no individual complaint, but only a collective name for a large number of different complaints."

He continues, "The attempt to discover a universal remedy against a cold is just as absurd as to search for a generally efficacious remedy for headache." The particular complaint of which the cold is the symptom can only be ascertained by "careful examination of the nasal cavities and neighboring parts." Hence sufferers should be circumspect in the use of remedies.

The professor says only that which is true, but of which the mass of mankind is ignorant. Colds are of innumerable varieties, but the most common one is that which is persistently misunderstood. It is attributed to anything but the right cause, which is a microbe.

All its symptoms are those of a highly infectious fever, and the public instead of blaming the microbe of infection and striving to kill it will persist in denouncing drafts, wet feet, low temperature, etc.

They exclude air, the enemy of the microbe, from their rooms; they supply a temperature in which it can multiply, and, having become thoroughly inoculated by breathing the germ laden atmosphere, they find that a cold current of air causes them to shiver. The shivering of the ordinary mind decides the question of causation.

It is significant of every fever that it begins with shivering, and a cold is no exception.

Cold, wet feet, drafts, etc., are at most only accessories. By putting a greater strain on the animal economy they decrease its resistance to microbial infection.

Questioned Too Closely.

Tess—You and Miss Sere don't seem to be good friends. What's the matter?

Tess—And you doubted it?

Jess—Not at all. I merely said, "Of course, but when?"—Philadelphia Press.

His Simple Plan.

"And you say he got rich selling meal tickets ten for a dollar? How was such a thing possible?"

"Oh, very simple. Nobody ever went back after the second meal."—Baltimore American.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, and is it the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent bottle of Swamp-Root is sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

A Hot Water Bottle Story

A man bought a hot water bottle at a "nine cent" store for 40 cents. We wanted to charge him a dollar for a good one, and he said, "I have saved 51 cents." But the first time he used the bottle it leaked and the second time it came apart, and then he said, "Oh, that I had my money back," but he could not get it.

MORAL.

A dollar well spent is better than 50 cents badly saved. Our hot water bottles are made by a reliable firm, and are worth the price we ask because they last and don't leak. Every bottle GUARANTEED perfect. Prices, depending on size. Don't be like the man in the story.

Wrote a Cook Book.

Members of the Ladies' Aid Society of the First Baptist church, of Mitchell, Ind., have issued a cook book containing recipes for cooking meats, vegetables, pastry, puddings, confections, etc. Most of the recipes are signed by the ladies contributing them. There has been a big demand for the book, and already a "snug" sum has been realized from its sale. The First Baptist church was destroyed by fire last month, and the Aid Society adopted this means of raising money to help in the work of reconstruction.

ANOTHER WALSH RUMOR.

Kansas City and Cincinnati to be Connected.

John R. Walsh is believed to be executing a plan to connect Cincinnati and Kansas City with a direct railroad line, incorporating in the system the Southern Indiana and the Illinois Southern. Behind him stands, possibly, the tremendous power of the Santa Fe system.

The Southern Indiana runs from Terre Haute to Westport, 148 miles. The Illinois Southern was also a bankrupt road when acquired by Walsh. It runs from Salem to Chester, eighty-seven miles.

Last summer construction was pushed from the western end of the Illinois Southern toward Bismark. That place will be reached this summer. From the eastern end of the Southern Indiana there are only sixty miles to build to reach Cincinnati.

With these extensions built there remains the gap of 100 miles between the two roads, from Terre Haute to Salem, to be filled, and the extension from Bismark to Kansas City. The total length of the line would be 690 miles.

There is now no single direct line between Kansas City and Cincinnati. The shortest route between the two cities is via the Baltimore & Ohio Southwestern and the Wabash—622 miles.

From Walsh's route an extension could be built out of Chester, which would give an entrance to St. Louis with only sixty miles of track to lay. This, with the extension now projected and to be built, is a year from Elkhart to Evansville, paralleling the E. & T. H., and the close traffic arrangements which the branch is to have with the Frisco line by which through lines are to be run to Birmingham via Evansville, will make the now scattered system of John R. Walsh a powerful road in the territory it taps.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Seven Principal Routes.

It is a well known fact that the Chicago, Milwaukee & St. Paul Railway system offers a great many different routes between Chicago and St. Paul and Minneapolis. Its main line between those points is especially well known as the route over which runs the famous "PIONEER LIMITED" and the Government Fast Mail Trains.

There are six or seven other routes over a number of which are run through coaches and sleeping cars, which are almost as direct as the principal main line.

These various routes traverse the most interesting and attractive sections of Illinois, Wisconsin, Iowa and Minnesota, including the celebrated "Lake Region" of Wisconsin, and cross the Wisconsin river at the famous "Dells," where is the most picturesque scenery in the Northwest.

The main line and several others include from 150 to 300 miles of romantic and picturesque scenery along the Mississippi river. On these various lines are located the most important towns and cities in the Northwest.

Both one way and special excursion tickets between Chicago, St. Paul and Minneapolis are honored via any one of these direct lines.

The teachers attending the Educational Convention at Minneapolis will appreciate and take advantage of this fact as they can have a choice of routes going and returning.

The Chicago, Milwaukee & St. Paul Ry

Many people unacquainted with the geography of the West imagine that because the names "Chicago, Milwaukee and St. Paul" are used in the corporate title of the railway owning the Short Line between Chicago and Omaha, they must go via the cities of Milwaukee and St. Paul to reach their destination—and if it be Omaha or west thereof. This is a mistaken idea. On a map the line running directly east and west would look like this

Omaha—Chicago

There is nothing more simple than that, and it is less than 500 miles between Chicago and Omaha. Two through trains daily in each direction with the best sleeping car and dining car service, and all regular travelers know and appreciate the merits of the Chicago, Milwaukee & St. Paul Railway's Short Line between the East and the West.
